Business Club at Sea

Welcome to the Business Club at Sea,

an exclusive community of entrepreneurs that has been operating since 2017. As part of the Business Club at Sea, we organize meetings for entrepreneurs in the most beautiful places around the world aboard luxury cruise ships. Together with our Participants, the Business Club at Sea has already traveled across nearly the entire globe — from exotic Caribbean beaches to the shores of the Far East.

What exactly is the Business Club at Sea? It is not just about travel; above all, it is a unique opportunity to connect entrepreneurs from different industries and regions. We are here to help solve challenges related to running a business, as well as to support our Members in reaching new clients and trusted business partners.

At the Club, we focus on building a community of successful individuals who not only achieve their business goals but also strive for continuous growth and support others on their path to success. That is why we bring together people facing similar challenges in running their companies, both in Poland and abroad.

Our philosophy is based on comfort and a relaxed atmosphere that fosters the development of lasting business and personal relationships. This makes it possible not only to establish new contacts but also to build deeper connections that lead to shared goals and business success.

The goal of the Business Club at Sea is to enable Participants to gain valuable business contacts, ensuring that not only this cruise but future ones as well become financially rewarding. Through the relationships built and the opportunities created during the cruise, participants have the chance to expand their network and benefit from new business prospects.

Joining the Business Club at Sea requires a recommendation from an existing Member, which guarantees a community of reliable and trusted entrepreneurs. If you are looking for a place where you can grow your company, meet inspiring people, and benefit from their experience, this is where you belong. Join us and discover a world of business opportunities at sea.

About the Club

Our Mission:

The Business Club at Sea brings together ambitious entrepreneurs, providing them with space and opportunities to exchange knowledge, gain inspiration, and build valuable relationships that foster both personal and professional growth. Our mission is to continuously enhance a space where a passion for success meets real opportunities, and where people with similar business perspectives can combine their strengths and networks.

Why Choose the Business Club at Sea?

High-Level Networking — The Club is a space where you meet entrepreneurs, managers, and leaders from various industries. It is an opportunity to exchange experiences, gain inspiration, and develop potential collaborations.

Business and Personal Brand Growth — Through regular meetings, cruises, and events, you can effectively promote your services or products while strengthening your position within the business community.

Mutual Recommendations — Club Members actively support one another through referrals and cooperation, increasing opportunities for new contracts and clients.

Unique Events

Each cruise is a carefully designed event that combines substantive business sessions, inspi-

ring keynote speeches, and unforgettable travel experiences. We also organize exclusive galas, networking meetings, and workshops that allow participants to develop their skills and broaden their business horizons.

The year 2025 was exceptionally dynamic and filled with inspiring meetings and networking cruises for the Business Club at Sea. Together with our Members, we visited Australia, China, and Japan, traveled across Europe through the Greek islands, and sailed to the Caribbean. A particularly special highlight was an unforgettable New Year's Eve in South America — we welcomed the New Year on board the ship and then explored the magic of Rio de Janeiro, combining leisure with business relationships and the vibrant international energy of the city.

The year 2026 began with equal momentum — during the 2nd Business Club at Sea Gala in Warsaw, entrepreneurs from across Poland gathered for an event that combined substantive sessions, networking, one-to-one meetings, and a formal gala in a prestigious setting, strengthening our community and defining our path of growth. Ahead of us is another season filled with exceptional journeys and projects — we will visit many remarkable destinations where the Business Club at Sea has not yet been present, consistently building a space for collaboration, inspiration, and relationships at the highest level.

Miami / USA

What the city is most famous for:

South Beach –

The most famous beach in Miami, known for its white sand, turquoise waters, and iconic Art Deco buildings. It's the perfect place to relax, stroll along the Ocean Drive promenade, or enjoy nightlife in local clubs.

Little Havana –

The heart of Cuban culture in Miami. Here, you can try authentic Cuban cuisine, listen to live Latin music, and experience the unique atmosphere of Calle Ocho.

Wynwood Walls –

An open-air street art gallery showcasing colorful murals created by artists from around the world. A paradise for street art enthusiasts and photographers.

Bayside Marketplace –

A popular waterfront shopping and entertainment center offering numerous restaurants, shops, and Biscayne Bay cruises. Perfect for shopping and enjoying the Miami skyline.

Everglades National Park –

A unique natural reserve where you can see alligators, exotic birds, and stunning wetland landscapes. The best way to explore is by airboat, providing unforgettable experiences.

Vizcaya Museum and Gardens –

A beautiful Renaissance-style mansion surrounded by picturesque gardens. Ideal for lovers of history, architecture, and art, transporting visitors into the world of Italian Renaissance.

Miami Seaquarium –

One of the oldest marine parks in the USA, where you can see dolphins, sea lions, turtles, and many other fascinating ocean creatures. Perfect for families with children and all marine life enthusiasts.

Miami is a city full of contrasts, where modernity blends with nature and cultural diversity creates a unique atmosphere. It's a place that delights and inspires everyone who visits!

Amber Cove / Dominican Republic

Amber Cove, located in the Puerto Plata region, is a Caribbean stop where the Dominican Republic shows its most postcard-perfect side: turquoise waters, palm trees, and tropical hills in the background. The port itself is modern and convenient, with easy access to the historic center of Puerto Plata and the region's main attractions. This destination perfectly combines resort-style relaxation with active sightseeing — from colonial streets to waterfalls and plantations. Amber Cove is ideal for visitors who want to experience the essence of the Caribbean in a single day: beach, nature, and local culture all in one.

Old Town Puerto Plata and Parque Central

The colonial center of Puerto Plata charms with pastel façades, wooden details, and a calm Caribbean rhythm. At its heart lies Parque Central with a cathedral and cozy cafés, perfect for a short stroll. Nearby, you'll find local shops selling handicrafts, cigars, and souvenirs — bargaining is encouraged. It's also a great way to see the “real Dominican Republic” outside the port area and capture some iconic photos.

Fortaleza San Felipe – History and Ocean Views

A 17th-century fortress that once protected the coast from pirates and invaders, now one of Puerto Plata's landmarks. It offers excellent views of the Atlantic Ocean and coastline. The fortress itself has a raw, authentic character. Visiting is quick and convenient, making it perfect even during a short port stop. It also provides historical context for the region and balances the typical beach attractions.

Teleférico to Pico Isabel de Torres & Botanical Garden

The cable car takes you to the top of Isabel de Torres, offering panoramic views of the city, port, and tropical mountain range. At the top, you'll find a sprawling botanical garden and the famous Christ the Redeemer statue, reminiscent of Rio. This is one of the best options for a "wow" experience without strenuous physical effort. Morning visits are recommended for the clearest views and cooler temperatures.

Damajagua Waterfalls (27 Charcos) Adventure in Nature

A spectacular series of natural cascades and pools in the jungle, navigated by jumping into the water, sliding down rocks, and wading through streams. One of the most exciting attractions in the area, especially for active explorers. Trails vary in difficulty, and local guides ensure safety and organization. For a true "Dominican adventure" beyond classic beach activities, this is the top choice.

Playa Dorada or Sosúa – Caribbean-Style Beaching

The Puerto Plata area has beaches that fulfill every Caribbean fantasy: white sand, warm water, and palm trees. Playa Dorada is more resort-style and peaceful, while Sosúa is known for its beautiful bay and ideal swimming and snorkeling conditions. A perfect way to relax after sightseeing, soak up the sun, and recharge. Most beaches provide sunbeds, showers, and food facilities, making them very convenient.

San Juan / Puerto Rico

San Juan is the vibrant capital of Puerto Rico, where Caribbean ease meets colonial history and modern city energy. The most striking area is Old San Juan: cobblestone streets, colorful buildings, and fortifications that have protected the strategic port for centuries. It's an ideal one-day stop, as key attractions are close to each other and easy to explore even with a limited time in port. San Juan impresses with its diversity — from ocean and beach views to culture, music, and unforgettable cuisine.

Old San Juan – Colonial Streets and Colorful Facades

A walk through Old San Juan captures the essence of the city: narrow cobblestone streets, pastel buildings with balconies, and many charming alleys. The best way to explore is on foot, allowing

yourself to “get lost” in the district, where scenic viewpoints and small plazas with cafés appear every few minutes. Perfect for photography — this area is the most picturesque and postcard-like. Plan time for a coffee or dessert in one of the historic bakeries.

Castillo San Felipe del Morro (El Morro) – Icon of San Juan

El Morro is a monumental oceanfront fortress, a city symbol, and one of the most famous sites in the Caribbean. Its impressive walls, cannons, and Atlantic views are striking in any weather. The surrounding area is lively with locals, families, and kite flyers on the green lawns. Visiting offers both a sense of history and spectacular photo opportunities from a cruise stop.

Castillo San Cristóbal – The Largest Spanish Fortress in the New World

San Cristóbal is an extensive fortification system demonstrating the historical military power of San Juan. Inside, you'll find tunnels, bastions, and observation points that reveal how the city was defended. Less "postcard-perfect" than El Morro, it's equally fascinating for history enthusiasts. Visiting complements a walk through Old San Juan and provides a fuller understanding of Puerto Rico's past.

Watch a short video of San Juan

Paseo de la Princesa and City Walls – Scenic Walks

One of the most enjoyable walking routes in San Juan: a wide promenade along the city walls with views of the bay and ocean. Along the way, you'll see historic architecture, viewpoints, and street performers in the evening. Ideal for a slow-paced exploration, best in the late afternoon when the light is soft and the city looks most beautiful

Condado or Isla Verde Beach – Caribbean Relaxation Close to Downtown

If you want a beach without long travel, Condado is one of the most convenient options: close, comfortable, and well-equipped. The area has hotels, restaurants, and beach bars, making it easy to combine sunbathing with lunch or a short stroll along the promenade. Isla Verde is often quieter and offers a classic Caribbean look: wide sandy beaches and beautiful water colors. Perfect for simple, relaxing downtime before returning to the ship.

Ocean Cay MSC Marine Reserve / Bahamas

Ocean Cay is a private island owned by MSC Cruises, located in the Bahamas near Miami. Transformed from a former industrial port into an ecological paradise, the island focuses on nature conservation and relaxation. Ocean Cay captivates visitors with white sandy beaches, clear waters, and a peaceful atmosphere — the perfect place to unwind during a cruise.

Snorkeling and Diving

The island offers access to beautiful coral reefs and snorkeling spots just off the shore. Visitors can see colorful fish, marine plants, and occasionally even turtles.

Lighthouse Show

An evening light and music show at the lighthouse is a unique Ocean Cay experience. The lighthouse serves as a landmark and provides stunning ocean views at sunset.

What the island is best known for:

Lagoon Beach –

A calm lagoon with shallow waters, perfect for families with children or anyone seeking a quiet spot to swim. The water is crystal clear, and the sand is soft — a true Caribbean paradise.

MSC Marine Reserve –

The entire island is a marine reserve protecting local flora and fauna. Guests can learn about the Bahamas' ecosystems and the importance of coral reef conservation.

Spa and Beach Relaxation –

The island offers relaxation zones, massages, and wellness activities such as sunrise yoga. It's an ideal place to unwind and recharge surrounded by nature.

As a private MSC Cruises destination, Ocean Cay provides perfect conditions for relaxation and unforgettable photo opportunities. A key advantage is that the island's bars and restaurants are included in the ship's dining package, allowing guests to enjoy meals and drinks without additional charges. This ensures a full day of leisure, savoring delicious food and beverages amid the tropical scenery.

Day at Sea Time for Business

A Day at Sea offers a unique opportunity to focus on the business aspect of our cruise. During this time, special Business Club at Sea sessions are held, allowing participants to present their companies, discuss development plans, and share their professional experiences. It's the perfect setting for exchanging ideas and building valuable business relationships in an inspiring maritime atmosphere.

Such meetings foster the creation of new partnerships, open doors to innovative projects, and help establish a strong professional network.

Business Club at Sea Sessions

Participants are encouraged to prepare a short, concise presentation about their company's activities. Our experience shows that well-prepared and engaging presentations can lead to real business benefits. They make a lasting impression and create positive associations, increasing the chances of future collaboration. A professional presentation is the first step toward building strong relationships and opening up to new opportunities.

Can a Whole Day at Sea Be Boring?

Absolutely not!

Every morning, a daily newsletter is delivered to each cabin, containing all the most important information for the day — embarkation and disembarkation times, the schedule of shows and performances, restaurant menus, and even the weather forecast. It's the perfect guide to help plan a day full of activities and experiences.

The ship offers an incredible variety of activities — from relaxation in wellness zones and exclusive restaurants, to sports challenges in the gym or on the tennis court, to exciting evenings filled with theater performances, discos, and casino entertainment. This allows every participant to tailor their day according to personal preferences, enjoying both business sessions and moments of leisure.

Remember — the ship is a floating city where boredom simply doesn't exist!

MMDS
PRINT
MANAGEMENT

How many different print materials do you think a medium-sized Polish bank orders each month? About... 1,500 items. Now imagine that YOU have to order all of them. Panic sets in, right? Of course it does – you don't even know much about printing. Can you imagine the marathon and the stress?

But now you can relax and sip your third coffee, because there's MMDS. Since you've outsourced all these orders to us, your workload becomes manageable, and all the materials – perfectly prepared and packaged – reach hundreds of your bank's branches in just one day. This convenience is what our dozens of account managers have been providing to our clients for over 20 years.

MMDS Print Management is the first company in Poland offering specialized services in comprehensive management of design, production, and logistics processes for printed and promotional materials. The all-in-one Print Management service allows clients to order all of their print materials in a single place – from business cards and labels, through flyers, brochures, and packaging, up to banners and promotional gadgets – via our company.

Our services also enable distribution of varying print quantities to multiple locations at different times. Thanks to this model, every client saves both time and money.

MMDS
MACHINES

MMDS Machines specializes in importing specialized printing machines to Poland, dedicated to postpress processes, including die-cutting machines, laminators, and folder-glueers. We supply equipment from European and Asian manufacturers (Japan, China). During the implementation process, our experts guide clients through every stage of the investment: from defining needs and providing technological advice, to negotiating with manufacturers, supervising production, and installing the machines.

Our service department supports printing houses with both warranty and post-warranty maintenance.

Redconst is an innovative company specializing in the comprehensive design, construction, and maintenance of modern touchless car washes. In cooperation with the AGH University of Science and Technology and the University of Agriculture in Kraków — and with support from the National Centre for Research and Development — Redconst developed a unique wastewater recycling system for car washes, which has been submitted to the Patent Office. This innovation aligns perfectly with the European Green Deal and the principles of the circular economy.

The company also offers mobile car wash units that can be relocated, along with advanced technological solutions such as undercarriage washing programs, BUS/TIR stations, and customer loyalty systems for investors. Cruise - Rio de Janeiro 2026

Participants' Testimonials from Business at Sea Cruises:

Michał Kosior:

"During the cruise, I fell in love with the atmosphere and the opportunity to meet new people while also relaxing. It's an adventure that everyone should experience."

Eugeniusz Zawadzki:

"A cruise is a truly interesting experience – meeting people with diverse backgrounds helps you gain direction and leads to results in the future that are extremely valuable."

Beata Drzazga:

"It's worth joining the cruise because you meet many entrepreneurs. Poles in business can share their experiences and inspire each other. I highly recommend these trips – they're a vacation and a great business opportunity at the same time."

Jarosław Juśkiewicz:

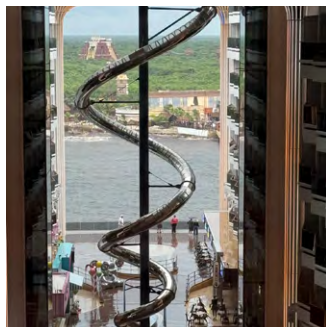

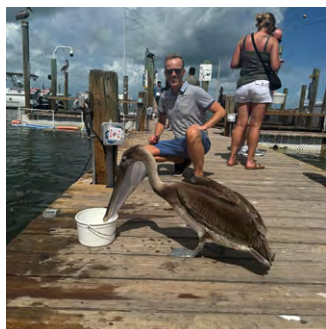

"The ship itself is amazing. The chance to disembark at different ports, explore several countries, and meet new people is incredible. For me, the most important part is being able to network with other entrepreneurs."

Katarzyna Jarczewska:

"I want to congratulate Rafał Wiśniewski on organizing such a fantastic journey. There are great people here, a wonderful atmosphere, and networking that really helps you build new relationships and connect with others."

Mariusz Pokrzywko:

"Rafał Wiśniewski knows how to organize everything perfectly and bring together the right group of participants. No one gets bored here – everyone feels at ease. This is one of the best trips I've ever been on, and I'm sure you won't regret taking part in this unforgettable adventure."
